"Tough Job" Confronts 5th Bond Drive Workers, Warns Dinner Speaker

"The job that lies ahead of you, to sell \$2,737,000 worth of bonds during the Fifth War Bond drive, is a tough one. It will require the concerted effort of every volunteer worker during the entire period. You will not be able to relax for even a moment until you have achieved your goal. But I feel confident that Adams county will win again, just as it has in all four previous drives."

This was the admonition and the prophecy of O. Howard Wolfe, executive manager of the Pennsylvania War Finance Committee, at the "Invasion" bond dinner-meeting of the Adams County War Finance Committee at the Hotel Gettysburg Monday evening.

The speaker said that in order to reach the quota in the forthcoming drive more countians would have to be approached and more bonds sold to a greater number of people than in the Fourth bond drive. He also stated that a greater number of people would have to purchase more bonds than they previously did.

Mr. Wolfe said that during the Fourth bond drive bonds were sold to 11,886 persons in the county and that 11,462 persons purchased E bonds. He said that this was a low percentage, only 29 per cent of the total county population. He said that one woman in Delaware had sold 496 bonds, for a new record. "It will not be an impossible task," said Mr. Wolfe. "When we realize the tremendous cost of this war it is little enough that we on the home front can do to furnish the money needed to carry on to victory. A large field is open to you among those in what is called the low income bracket. If this is properly contacted it will bring in fine results."

"Of the volunteer workers in this county I cannot say too much. You are excellent workers, as evidenced in your previous drives. You were the first county in the state to reach your quota before and I hope you do the same in the forthcoming drive."

Edmund W. Thomas, county chairman, presided. He introduced the guests at the speakers table which included:

Benjamin C. Wolfe, chairman of the Dauphin county committee, who spoke briefly; Mrs. Helen U. Loewen, chairman of the state women's committee, who also spoke briefly; Leighton C. Taylor, Bendersville, and Mrs. Roy W. Gifford, chairman and co-chairman of the community activities committee; Lloyd Kuhn, chairman of the bankers' committee; Mrs. Henry T. Bream, chairman of the county women's committee; Paul Thomas, chairman of the payroll savings committee; William Carey, deputy manager of the Keystone Division, Harrisburg, Burgess Fred G. Pfeffer, Paul L. Roy, publicity director, and Sydney Poppy, chairman of special events.

Mrs. Murray B. Frazee, Jr., whose husband is executive officer on the submarine U. S. Tang, sang "One Night of Love" and "Smoke Gets In My Eyes," accompanied on the piano by Mrs. Paul Kinsey.

Section meetings were held following the dinner.

Plans were announced for a joint meeting of the local service clubs next Monday evening at 6:30 o'clock at the Hotel Gettysburg when Dr. Palmer, Pittsburgh, chairman of the public education and public relations committee of the Pennsylvania Medical Association, will discuss socialized medicine and the proposed amendments to the national social security act affecting the medical profession.

STATE COURT HEARS APPEAL

The damage action by Nelson E. Mellott and B. Rush Mellott, Straban township, against Mrs. Katherine Tuckey, Bendersville, which was appealed from a decision in the Adams county courts, was argued before the Pennsylvania Supreme court at Harrisburg, Monday, by local counsel for the litigants.

John P. Butt, Esq., counsel for the Mellotts, and Franklin R. Bigham, Esq., Mrs. Tuckey's attorney, presented arguments before the state court. No decision is expected in the case during the current session. The Mellotts took an appeal to the State Superior court after an Adams county jury failed to reach a verdict and Judge W. C. Sheely entered a judgment on the whole record in the case finding that Nelson Mellott was guilty of contributory negligence and therefore not entitled to recover damages.

The case was certified to the Supreme court and listed for the May term.

The suit is the outcome of a collision on the Lincoln highway about four miles east of here August 6, 1942. Young Mellott lost an arm in the mishap. The case was tried in court here in January of last year.

COUNTY BOARD POINTS WAY TO FIND TEACHERS

Moving to meet an expected extreme shortage of teachers during the coming school term the Adams county School Board meeting Monday evening at the office of the county superintendent of schools recommended to the local boards of the 32 districts under the county office that they:

Pay maximum salaries for the coming year in order to retain all teachers now in the system;

Reassign present teachers and secure new teachers at the June meetings of the local boards instead of following the usual custom of performing the work just before school opens in the fall, and

Insist that teachers who wish to resign give 60-day notices as required by law in order that the local boards may have a better opportunity to secure replacements.

Urge School Nurses

The county board also voted its approval of a long range program for agricultural education in the county which will reach down into the primary schools and extend upward into the college field. The program was one submitted to the board for approval by the Adams County Council of School Administrators and representatives of Gettysburg college.

To provide the students of the county's schools with proper health facilities, the board also recommended that more school districts secure school nurses. Only eight of the 32 districts at the present time have school nurse service.

The program for agricultural education adopted by the board included:

To Fit Pupils for Life

Rail Schedules In London Cut; "Mass Murder" Stirs People

By JAMES F. KING

London, May 23 (AP)—New invasion tenseness gripped troop-packed Britain today as further drastic cuts in main line passenger train schedules left thousands of civilians stranded in stations.

Train timetables throughout the country were put on a virtual day-to-day basis. Troops were given priority on trains still running. Farewells between soldiers and their wives and sweethearts were more poignant than ever.

At some stations as many as 50 trains were canceled without forewarning—some on busy suburban routes. "We are in the hands of the authorities," was the only explanation officials at one London station would give.

Bag 6 Air Scouts

The appearance of German air scouts over Britain early today, apparently seeking to spot military preparations, added to the sense of invasion imminence. Six of the enemy planes were brought down.

Throughout the country British hatred of the Nazis was fed by a Stockholm dispatch in the Daily Express asserting the shooting of 47 British and Allied prisoners of war, all RAF officers, in the German prison camp Stalag Luft III in March during an alleged escape attempt, was "mass murder."

The Daily Express dispatch said further details had been obtained from RAF officers who had escaped and made their way to Sweden and that an official report based on their statements could be expected soon.

Declaring the British prisoners had been shot "haphazardly in barracks, courtyards and workshops," the Express said the details, when revealed, would be "one of the most shocking stories of the war."

CHORUS, BAND IN PROGRAM ON THURSDAY NIGHT

The program for the presentation of the Alumni Honor Roll to Gettysburg high school was announced today by the Student Council of the high school. The presentation will take place Thursday evening at 7:30 o'clock in the school auditorium. The public is invited.

Service men in Gettysburg on Thursday are invited to be platform guests at the exercise.

The program will open with the singing of "America, the Beautiful" by the assemblage.

There will be a guard of honor including Paul Spangler, commander of the Albert J. Lentz post of the American Legion, Joseph Smith, Lawrence Sheads and LeRoy Winebrenner.

Chorus to Sing

The Gettysburg high school chorus will sing several selections and William Green, president of the Student Council, will speak briefly. The high school band will play several selections.

Dr. Robert A. Bream, assistant county superintendent of schools, will make the formal presentation of the honor roll. It will be unveiled by Shirley Larkin of the senior class and Melvin Little of the class of '25.

The Rev. Emmert Colestock, class of '28, of Enola, formerly of Fairfield, will sing a solo and the program will close with the singing of the Star Spangled Banner.

Guile W. Lefever, high school principal, will be master of ceremonies.

OFFICER TRANSFERRED

Capt. Albert T. Kwedar, medical officer at the 2186th AAF Base (College Training Aircrew) at Gettysburg college, has been transferred to Greenville, Mississippi. He will leave Gettysburg Thursday. Three members of the medical enlisted personnel will also leave Thursday. They are to be transferred to Stuttgart, Arkansas.

Allied Headquarters, Naples, May 23 (AP)—Allied troops on the Anzio beachhead launched a powerful offensive today, cracking into the German line only 22 miles from main Fifth Army forces driving up from the southeast.

Five hundred to 700 heavy bombers blasted military targets within a 50-mile radius of Rome in a thundering spearhead to the drive.

On the main front to the southeast, other Fifth Army forces smashing into reinforced Nazi battle lines seized more heights and Allied troops pierced the Hitler line all along the front.

(Berlin declared the Germans had evacuated Pico, pivot stronghold in the very center of the Hitler line. A Swiss broadcast said the Allies were only 20 miles from the Anzio perimeter.)

Berlin broadcasts said the beachhead Fifth Army attacked after intensive artillery fire, hitting southwest and west of Aprilia, and in the Cisterna-Littoria sector.

Nazis Using 17 Divisions

Headquarters declared the Germans have thrown their full reserve strength south of Rome into the Hitler line battle, and the Allied main and beachhead armies are engaging 17 Nazi divisions, some of them already badly mauled.

Besides the Fifth Army advances northeast of Terracina, the Eighth Army penetrated the Nazi defenses farther northeast in the Liri valley.

(In London, Minister of Information Brendan Bracken said "The Germans are receiving one of the greatest thrashings in their history from the forces under Gen. (Sir Harold) Alexander.")

In the town of Piedimonte, four miles west of Cassino, the enemy still was clinging to strong points while Eighth Army troops, including Poles, were on three sides of this strong natural position. Street fighting was raging in some parts of the town.

(Last night the Morocco radio said Eighth Army forces had captured Piedimonte.)

SERVICEMEN APPRECIATE USO SERVICES

Reports presented at the public

meeting of the Adams county USO organization, Monday evening at the YWCA building, showed that the local organization has the "unanimous and enthusiastic" assurance of service men entertained at the Chambersburg street canteen and at social events conducted by the USO that the program operated here is one of the most enjoyed and appreciated encountered by the men in uniform any place in the nation.

Dean Tilberg, president of the USO organization, gave similar praise to the dance committee for the success of the affairs conducted by that group and of those in which the committee furnished junior hostesses for nearby camp dances. Mrs. Frederic E. Griest is chairman of the canteen group and Mrs. Robert Fortenbaugh of the dance committee.

Campaign In Fall

An average of 300 persons attended the 11 dances the local committee conducted in addition to assisting with two dances at a nearby camp. Three hundred county girls are in the committee's file for call as hostesses for social events for the service men.

Dean Tilberg asked the group to consider selection of a chairman for the 1944 USO campaign in the county to be conducted from October 2 to November 11. State USO officials (Please Turn to Page 7)

STATE COURT HEARS APPEAL

The damage action by Nelson E. Mellott and B. Rush Mellott, Strabane township, against Mrs. Katherine Tuckey, Benderville, which was appealed from a decision in the Adams county courts, was argued before the Pennsylvania Supreme court at Harrisburg, Monday, by local counsel for the litigants.

John P. Butt, Esq., counsel for the Mellotts, and Franklin R. Bigham, Esq., Mrs. Tuckey's attorney, presented arguments before the state court. No decision is expected in the case during the current session. The Mellotts took an appeal to the State Superior court after an Adams county jury failed to reach a verdict and Judge W. C. Sheely entered a judgment on the whole record in the case finding that Nelson Mellott was guilty of contributory negligence and therefore not entitled to recover damages.

The case was certified to the Supreme court and listed for the May term.

The suit is the outcome of a collision on the Lincoln highway about four miles east of here August 6, 1942. Young Mellott lost an arm in the mishap. The case was tried in court here in January of last year.

COUNTY BOARD POINTS WAY TO FIND TEACHERS

Moving to meet an expected extreme shortage of teachers during the coming school term the Adams county School Board meeting Monday evening at the office of the county superintendent of schools recommended to the local boards of the 32 districts under the county office that they:

Pay maximum salaries for the coming year in order to retain all teachers now in the system;

Reassign present teachers and secure new teachers at the June meetings of the local boards instead of following the usual custom of performing the work just before school opens in the fall; and

Insist that teachers who wish to resign give 60-day notices as required by law in order that the local boards may have a better opportunity to secure replacements.

Urges School Nurses The county board also voted its approval of a long range program for agricultural education in the county which will reach down into the primary schools and extend upward into the college field. The program was one submitted to the board for approval by the Adams County Council of School Administrators and representatives of Gettysburg college.

To provide the students of the county's schools with proper health facilities, the board also recommended that more school districts secure school nurses. Only eight of the 32 districts at the present time have school nurse service.

The program for agricultural education adopted by the board included:

To Fit Pupils for Life "Elementary schools should use practical projects connected with home duties as a basis for school activities in reading, writing, arithmetic, oral expression, health, safety, art, and in the solution of personal and social problems.

"Instruction should fit the exact (Please Turn to Page 5)

Dr. Robert A. Bream, assistant county superintendent of schools, reported Monday evening to the county school board at a meeting at the court house.

Two hundred and six books have already been placed in the library located in the office of the county superintendent, Doctor Bream reported, and about 60 books a month are secured by the teachers in the schools of the county for the use of the students.

The books are not textbooks, he pointed out, and are not purchased by the school boards but provide additional instruction and entertainment. (Please Turn to Page 2)

Serious Shortage Of Nurses' Aides

The shortage of nurses' aides in Gettysburg has created a "desperate" situation, Mrs. Henry M. Scharf, chairman of the Red Cross Nurses' Aides committee, said today.

"We do not have sufficient nurses' aides to take care of the work for the blood bank on Friday and the hospital authorities are begging us for more aides to assist them in their overtaxed work," Mrs. Scharf said.

Some of the aides are ill and others are out of town but even with the full quota of aides there are not sufficient aides to conduct the work required of them, Mrs. Scharf added.

Rail Schedules In London Cut; "Mass Murder" Stirs People

By JAMES F. KING

London, May 23 (AP)—New invasion tenseness gripped troop-packed Britain today as further drastic cuts in main line passenger train schedules left thousands of civilians stranded in stations.

Train timetables throughout the country were put on a virtual day-to-day basis. Troops were given priority on trains still running. Farewells between soldiers and their wives and sweethearts were more poignant than ever.

At some stations as many as 50 trains were canceled without forewarning—some on busy suburban routes. "We are in the hands of the authorities," was the only explanation officials at one London station would give.

Bag 6 Air Scouts The appearance of German air scouts over Britain early today, apparently seeking to spot military preparations, added to the sense of invasion imminency. Six of the enemy planes were brought down.

Throughout the country British hatred of the Nazis was fed by a Stockholm dispatch in the Daily Express asserting the shooting of 47 British and Allied prisoners of war, all RAF officers, in the German prison camp Stalag Luft III in March during an alleged escape attempt, was "mass murder."

The Daily Express dispatch said further details had been obtained from RAF officers who had escaped and made their way to Sweden and that an official report based on their statements could be expected soon.

Declaring the British prisoners had been shot "haphazardly in barracks, courtyards and workshops," the Express said the details, when revealed, would be "one of the most shocking stories of the war."

Dr. Robert A. Bream, assistant county superintendent of schools, will make the formal presentation of the honor roll. It will be unveiled by Shirley Larkin of the senior class and Melvin Little of the class of '25.

Allied Headquarters, Naples, May 23 (AP)—Allied troops on the Anzio beachhead launched a powerful offensive today, cracking into the German line only 22 miles from main Fifth Army forces driving up from the southeast.

Five hundred to 700 heavy bombers blasted military targets within a 50-mile radius of Rome in a thundering spearhead to the drive.

On the main front to the southeast, other Fifth Army forces smashing into reinforced Nazi battle lines seized more heights and Allied troops pierced the Hitler line all along the front.

(Berlin declared the Germans had evacuated Pico, pivot stronghold in the very center of the Hitler line. A Swiss broadcast said the Allies were only 20 miles from the Anzio perimeter.)

Berlin broadcasts said the beachhead Fifth Army attacked after intensive artillery fire, hitting southwest and west of Aprilia, and in the Cisterna-Littoria sector.

Nazis Using 17 Divisions Headquarters declared the Germans have thrown their full reserve strength south of Rome into the Hitler line battle, and the Allied main and beachhead armies are engaging 17 Nazi divisions, some of them already badly mauled.

Besides the Fifth Army advances northeast of Terracina, the Eighth Army penetrated the Nazi defenses farther northeast in the Liri valley.

(In London, Minister of Information Brendan Bracken said "The Germans are receiving one of the greatest thrashings in their history from the forces under Gen. (Sir Harold) Alexander.")

In the town of Piedimonte, four miles west of Cassino, the enemy still was clinging to strong points while Eighth Army troops, including Poles, were on three sides of this strong natural position. Street fighting was raging in some parts of the town.

(Last night the Morocco radio said Eighth Army forces had captured Piedimonte.)

SERVICEMEN APPRECIATE USO SERVICES

Reports presented at the public meeting of the Adams county USO organization, Monday evening at the YWCA building, showed that the local organization has the "unanimous and enthusiastic" assurance of service men entertained at the Chambersburg street canteen and at social events conducted by the USO that the program operated here is one of the most enjoyed and appreciated encountered by the men in uniform any place in the nation.

In expressing his thanks to the local canteen committee that operates the USO canteen in the former Hill's coffee shop property, Dean W. E. Tilberg said he had been told many times of the "homelike" atmosphere at the local canteen and of the servicemen's appreciation of the entertainment and services provided.

Dean Tilberg, president of the USO organization, gave similar praise to the dance committee for the success of the affairs conducted by that group and of those in which the committee furnished junior hostesses for nearby camp dances. Mrs. Frederic E. Griest is chairman of the canteen group and Mrs. Robert Fortenbaugh of the dance committee.

Campaign In Fall An average of 300 persons attended the 11 dances the local committee conducted in addition to assisting with two dances at a nearby camp. Three hundred county girls are in the committee's file for call as hostesses for social events for the service men.

Dean Tilberg asked the group to consider selection of a chairman for the 1944 USO campaign in the county to be conducted from October 2 to November 11. State USO officials. (Please Turn to Page 7)

FARM LABOR GROUP MEETS

"Every effort will be put forth to secure supervisors to assist outside workers in the orchards," County Agent M. T. Hagman reported Monday evening following a meeting of members of the county Emergency Farm Labor committee with fruit growers and others who have signed for outside help during the forthcoming harvest season.

The 16 growers and committee members attending the session held in Mr. Hartman's office in the court house, asserted that one of the greatest helps in proper handling of the workers expected to be recruited from cities of the state will be proper supervision. The supervisors will live at the work camps to be established in the county and will be in charge there as well as in the fields and orchards.

The Farm Labor committee is attempting to secure several work camps in various sections of the county, it was announced, and negotiations are already in progress for the sites. It was not announced, however, where the proposed sites are located. The county committee made arrangements previously to establish a camp for girl workers at Cross Keys.

In connection with supervisors, the growers and committee voted to secure, if possible, supervisors from the same community as the workers so that all sources of possible friction may be removed.

A lengthy discussion on proper hours for the workers to be employed, taking into consideration the distance they have to travel to and from work, concluded the meeting.

Mrs. Plank, he said, has kept an accession book provided record cards for the books and placed pockets in the books to hold the cards. She also provided a card index for the volumes.

Donations for the library are to be sent to Mrs. Maude Saby, Carlisle street, Doctor Bream said.

SYNOD NAMES 9 DIRECTORS FOR SEMINARY

Clerical and lay delegates to the seventh annual meeting of the central Pennsylvania synod of the United Lutheran Church of America, in Harrisburg, continued today consideration of church problems.

Approved at the initial sessions was a memorial to the National convention of the church urging increased pensions for Lutheran pastors, pastors' widows and minor children of deceased pastors.

An amendment limiting the ordination rite to men who have accepted calls to pastoral charges or fulltime work in the United Lutheran Church in America was rejected Monday.

Meeting at Zion Lutheran church, Harrisburg, the delegates approved a committee of conference presidents to consider special problems pertaining to vacant pastoral charges and location and relocation of pastors.

The pension memorial, which will be presented at a national convention in Minneapolis in October, suggests that yearly pension grants should be at least \$600 a year for pastors, \$400 for pastor's widows and \$100 for minor children of pastors who have died.

New Medical Bill Up For Discussion

The Wagner-Murray-Dingle bill for providing medical care for people of the United States, will come in for much discussion locally during the next seven days, according to announcements today.

This evening at 7:45 o'clock in Christ Lutheran church, Dr. Robert A. Bream, assistant county superintendent of schools, will discuss the social aspects of the bill from the standpoint of the distribution of medical service to the public.

Doctor Bream has specialized in the social study field and in the consumer education study upon which he received his doctorate last year. Medical care was one of the four main points considered. He has conducted classes and discussions on social problems for the last 10 years and has made a special study of the current bill. He will also report on studies made during the last 10 years on the public's needs for organized medical service.

On Monday evening the Lions, Rotarians and Soroptimists will meet in joint session at the Hotel Gettysburg at a dinner meeting at which Dr. Clayton L. Palmer, Pittsburg, chairman of the public relations committee of the state medical society will speak on the Murray-Wagner-Dingle bill. The dinner is being sponsored by the county Medical society.

Harvard Campus Is Seeded With Radishes

Cambridge, Mass., May 23 (AP)—Groundkeepers at Harvard university re-seeded the yard lawn two weeks ago and look what they have now—hundreds and hundreds of hardy radish plants.

"Looks like a spontaneous victory garden," said the groundkeepers as they began clearing the plot Monday.

The groundkeepers couldn't imagine how it happened, but they did say, without indicting anyone, that 2,000 young Navy officers are living in Harvard dormitories and there are known pranksters in the student body.

TIGERS, CARDS SETTING FAST LEAGUE PACES

By JACK HAND
Associated Press Sports Writer
Detroit and the St. Louis Cardinals rank as the two hottest clubs in the major leagues today on the eve of the second intersectional series of the season.

When the Tigers started their eastern swing they were buried in last place but their 10-out-of-14 pace sent them soaring into fourth and only four games off the Yankee pace.

Paul (Dizzy) Trout was Steve O'Neill's ace in the sport, winning all four of his starts, one from each eastern team and allowing only five runs and 29 hits in 36 innings. Hal Newhouser picked up a pair and Rufe Gentry and Stubby Overmire graduated into the victory column to help the cause.

Braves Split Even
The western teams of the national, paced by the Cardinals with nine triumphs in 13 starts, handled the eastern invaders in easy fashion by playing 615 ball. Only the Boston Braves who got spectacular pitching to break even in 14 games, could remain at an even keel. Brooklyn nise-dived from fifth to seventh with only four wins in 14 tries.

In the American's east the home teams had the edge but had to scramble to keep above the .500 mark by taking 31 of 56. Detroit's success saved the other visitors from a complete rout although each showed flashes of form.

All indications pointed toward a real knock-down drag-out scramble in the American. New York has been in and out, alternating with its pitching success. Washington flopped badly in blowing four straight to the Tigers and the Browns folded with only four victories in 14. Because the other top teams were losing too, the St. Louis collapse escaped general notice and they were able to hand in second place.

Tighten Lead
The Cardinals lost a series to Boston, two to one, but tightened their hold on first place while the other western teams began to take charge of the first division. Philadelphia in fourth place is the only eastern nine in the top four and this club had a rocky trip during which they won four of 12.

Even the Cubs began to pull out of the basement, taking seven of 13 their last four in a row.

While the rest of the major leagues are traveling the New York Giants and Brooklyn will resume night ball in the metropolitan district tonight with an 8:45 p. m. game at Ebbetts Field.

Wednesday the national's western entries will be in the east. American League eastern teams will be on their first extended western road trips.

BETTINA KAYOES VORCE IN FIFTH

Pittsburgh, May 23 (AP)—The fans scored a \$100,000 "knockout" in war bond pledges and Melio Bettina, ex-king of the light-heavyweights, scored a fifth round kayo at Forbes field last night to steal the play from the main event principals in the opening card of the outdoor season.

Lulu Costantino, New York, snapped Pittsburgh Billy Miller's 26-bout winning streak in that main event, but it was strictly second fiddle to Bettina's victory over John D. Vorce of Detroit, and the punch the crowd tossed at Hitler, Tojo and associates.

Costantino won all but one round as he avenged a defeat of several weeks ago by Miller, and kept the Pittsburgh lightweight, who appeared far off his recent form, back-peddaling all through the ten-round finale. Both weighed 131.

War bond sales passed the \$100,000 mark during the bouts as fans heard appeals from such ring celebrities as Capt. James J. Braddock, Lt. Benny Leonard, Pvt. Billy Conn and Pvt. Fritz Zivie, all ex-champs, and Tech-Sgt. Charles E. (Commando) Kelly, hero of the Italian campaign.

Bettina ripped a three-inch gash in Vorce's upper lip just as he floored him for the count with a series of rights and lefts at 1:36 of the fifth round. Bettina weighed 188; Vorce 177.

Post-War Pro Grid Loop To Be Formed

Pittsburgh, May 23 (AP)—Representatives of eight cities come here Sunday to effect permanent formation of a new, transcontinental, post-war professional football league, temporarily organized here last April 3.

Roland D. Payne, of Pittsburgh, temporary chairman of the proposed loop, said permanent officers will be elected, franchises issued and a constitution ratified at the session.

"Certificates of participation" were issued at the April meeting to teams from New York, Washington, Baltimore, Philadelphia, Cincinnati, Pittsburgh, St. Louis and Seattle.

Several additional applications, including one from Honolulu, Hawaii, have been received, Payne added.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.
New York, May 23 (AP)—By way of explaining those Sunday baseball crowds, the figures show that competition still is there, if quality isn't. . . . Out of 246 major league games so far, 79 have been decided by one run. . . . That's a 321 average, which is good in any league. . . . Incidentally, the Yanks have won five out of six one-runners and the Cards four out of seven. The Indians have played 15 of those tight games and the Braves and Dodgers 13 each. . . . The National football league turned down George Preston Marshall's proposal to change its name from "league" to "conference."

. . . If you could listen in on a conference between Marshall and the other club owners, you'd understand why they weren't interested in a permanent one.

Pitcher Dwight Simonds, a former tank gunner, was credited with all four of the victories the Scranton (Eastern league) Miners marked up in their first 15 starts. And Lefty Dutch Houtz, Norfolk (Piedmont league) relief flinger, won two of the Tars' four victories in their first 16 games. . . . The Clinton, Iowa, "700" bowling club—with just 13 members—won the first National tourney of the 700 bowlers with a 3218 score. That's only a 643 average.

A FENCY EXPLANATION
We can't vouch for the truth of this explanation, but its a good one. . . . Back in the old days, Arlie Latham was playing in the outfield on Staten Island when a goat wandered onto the field. . . . Play halted while the Athletics pursued the animal and Arlie finally caught the goat and threw it over the fence. . . . as he heaved, Arlie remarked "over the fence is out." . . . And that's how the saying started.

**2 Phillies' Players
To Take Physicals**
Philadelphia, May 23 (AP)—Two more Phillies ballplayers—outfielder Ron Northey and rookie southpaw pitcher Ken Raffensberger — have been called for pre-induction physical examinations, General Manager Herb Pennock announced.

Northey was previously examined and classified 1-A-L for limited service, but since has been moved to 1-A. He is 24, married and has one child. Raffensberger, 26, is married and the father of two children. He is a native of York, Pa. They will both be examined here Friday.

A third Phillies player, catcher Ben Culp, will take his pre-induction examination Thursday.

PERRY STOPPED BY ARMSTRONG IN SIX ROUNDS

By PAT O'BRIEN
Washington, May 23 (AP)—Henry Armstrong plans to stay with the ring business yet awhile.

Hammerin' Henry, only man in fight history to hold three championships at the same time, figures to be a prominent guy in the welter-weight picture for some time to come.

"I'm ready for the best in my class," Henry said today, "and I know there'll be no setups where I'm concerned. All the youngsters want a crack at me."

Armstrong stopped Aaron Perry Washington hopeful, in six rounds last night.

The former featherweight, lightweight and welterweight king, now touring his third comeback trial, admitted he's lost some of the speed that prompted sports writers to label him the "perpetual motion" boxing machine of a few years ago.

Floored Perry Five Times
"But I still can go against anyone in the same weight class," he insisted. Henry, now in his 30's, has been in more than 300 fights.

Armstrong, a Los Angeles negro who formerly fought under Al Jolson's banner, is due to meet Willie Joyce, one of the better welters, in Chicago next month. Then he's ticketed for a bout here against Sammy Angott, the former N.B.A. titleholder, July 17.

In last night's fight Armstrong had the 18-year-old Perry on the floor five times before the referee decided to halt the slaughter. The Associated Press scorecard gave Armstrong five of the six rounds. The bout was scheduled for 10.

BEARDED BAKSI TO FIGHT FRIDAY

New York, May 23 (AP)—The bearded battler of Madame Bey's—that's what they're calling Joe Baksi, the ex-miner from Kulpmont, Pa., as he preps for Friday night's 12-round heavy-weight scrap with Lee Savold in Madison Square Garden.

Joe, although only 22, has raised quite a crop of whiskers during the three-week grind of road and ring work. He plans to shave Wednesday, but he said today, he would like to keep the Hirsute adornment.

"I guess I can't keep it," Baksi said, "for the New York Boxing Commission has a rule that all fighters must be clean shaven when they enter the ring. I'm down to 207 pounds, five under the weight I had when I fought, Savold a couple of months ago. I'll be down to around 202 when I shave off this beard."

Baksi is training at Madame Bey's famed fistieff resort near Chat-ham, N. J., where such ring notables as Battling Siki, Max Schmeling, Gene Tunney, Primo Carnera, Mike McTigue, Mickey Walker, Paul Berlenbach, Tony Gale, Max Baer, Arturo Godoy, Tommy Farr, and Lou Ambers often put the finishing touches on their condition.

Madame Bey, widow of a former attache of the Turkish embassy, died a year ago, and since then the camp, situated in Jedsey's rolling hills, has been in the hands of Ehsan Karadag, a Persian.

Rochester Wings Swing To Loop Lead

(By The Associated Press)
The International league has its third different leader in as many days today as the Rochester Red Wings went back on top one game ahead of the Buffalo Bisons.

Buffalo fell out of first when Toronto eked out a 4-3 edge last night on an infield hit by Tony, Castano with two out in the last inning.

Dick Shoff opened the frame with a single and took second on the field out. Castano's smash was to the right of Carl McNabb who failed to get his man at first on a hair-line decision. Shoff kept going to score from second, sliding under Frank Heller's peg to catcher Bob Garbark.

Rochester had some anxious moments at Montreal but finally pulled out with a 13-11 win on a 16-hit attack off Al Zachary, Roy Sanner and John Travis.

Newfoundlanders On Lancaster Co. Farms

Lancaster, Pa., May 23 (AP)—Thirteen Newfoundlanders, supposed to be the vanguard of several hundred fishermen and farmers from the north came here to help out in the county's farm labor shortage, but—

"Who would have thought it ever got that hot?" gasped one, mopping his brow in the 85-degree heat. The men, mostly in their middle 40's, are all expert farm hands but R. S. Hovis, assistant Lancaster county farm labor agent, said Sunday he has given up the idea of trying to bring in any more until

WALKER LEADS TEAM HITTERS

New York, May 23 (AP)—Dixie Walker continued to beat out a torrid tune on the baseball scale to lead both major leagues with a .421 average today as his Brooklyn Dodgers dragged themselves home from a disastrous road trip.

While Walker upped his mark seven points, Thurman Tucker of the Chicago White Sox collected 13 hits in 29 at bats during the week for an American league top mark of .395.

Including games of May 22, Walker has been up 114 times and bashed out 48 hits for his 57-point margin over Stan Musial of the St. Louis Cardinals, his nearest challenger.

Musial, the 1943 king, soared into second place at .364 with Boston's Tommy Holmes, who was not in the Big 10 a week ago, moving into third with .348 on as many hits as Walker. After a stay on the bench, Joe Medwick of the Giants advanced from ninth to the team mate Phil Weintraub for fifth money at .340.

Waddell Climbs
Newcomers in the National Big 10 are Jimmy Waddell of the Phils and Holmes although both had been up there earlier. Eric Tipton of Cincinnati, Danny Litwiler of St. Louis and Max Macon of Boston dropped out.

Tucker has a 39-point edge on he sees how soon these can acclimate themselves to their trip to the "sub-tropics."

Detroit's Chuck Hostetler on a season total of 34 hits in 86 at bats. Hostetler, a hustling 38-year-old rockie is one of the surprises of the year with his .357 pace, nine points ahead of Nick Etten of the Yankees. The Red Sox' Bob Johnson is fourth with .344 and Bobby Doerr of Boston took over fifth position at .333.

Bob Swift of Detroit, Ford Garrison of the A's and George Stin-n-weiss of the Yanks failed to make the top 10 grade. Doerr and Hostetler were newcomers with Oris Hockett of Cleveland whose .324 gave him sixth spot.

Revenge

By FRANKLIN F. BANKER
U. S. Fighter Base in England, May 23 (AP)—When Capt. Mike Sobanski of New York city led his Mustang Squadron beyond Berlin Sunday it was the day for which he had been waiting five years and he made the most of it.

German pilots had strafed and dive-bombed a train on which Sobanski was riding in Poland in 1939, breaking three of his ribs and starting him off on a long series of hardships before he got back to his native America.

Sunday Sobanski's squadron, which is in top place in the European theatre with 208 German kites, destroyed six planes, blew up an ammunition dump and nine locomotives, and damaged two warehouses, a factory, three military trucks, two tug-boats, a barge and a radio station as the American fighters raced widely over Germany at will without meeting aerial opposition.

"It was what I've been dreaming of since the Germans did it to me," he said. Sobanski helped wreck five locomotives.

"They blew up, filling the air with steam after we squirted them with our 50's," he said. "Our primary purpose was to blow up locomotives, but we also set oil and general freight cars on fire. German soldiers scrambled out of one train and ran

After his supposed death, Eddie fought on through the North African campaign, took part in the invasion of Sicily and acted as an interpreter for an armored outfit. A North African illness recurred and he was sent back for a rest.

TIGERS, CARDS SETTING FAST LEAGUE PACES

Wilkes-Barre Gains In Eastern League

(By The Associated Press)
The Wilkes-Barre Barons were only a game out of first place today after getting the best of the Binghamton Triplets in a free-scoring contest.

Led by Catcher Ruskowski, who collected five hits in as many trips to the plate, including a home run, the Barons won 15-10.

A close second for batting honors was Ward, Barons' centerfielder and lead-off, who got four for five, including a triple. Ruskowski drove in three runs.

Four Binghamton pitchers failed to stop the Barons, who collected 14 hits and were aided by six errors and nine walks.

Chitwood started on the mound for the Barons and had a 13-2 advantage when the Triplets opened up on him in the six and collected six runs. He was relieved, but was credited with the victory.

Philadelphia, May 23 (AP)—Two more Phillies ballplayers—outfielder Ron Northey and rookie southpaw pitcher Ken Raffensberger—have been called for pre-induction physical examinations, General Manager Herb Pennock announced.

A third Phillies player, catcher Ben Clump, will take his pre-induction examination Thursday.

CHICAGO OUT

Chicago, May 23 (AP)—Dean Aaron J. Brumbaugh of the University of Chicago today said that because of the heavy losses of undergraduate students to the armed forces the university will be unable to put athletic teams into formal Big Ten competition next year.

FALLS OFF TRUCK; DIES

Altoona, Pa., May 23 (AP)—Lester Dale Green, 19, of Nanty-Glo died en route to Altoona hospital from injuries suffered when, according to deputy coroner Edgar G. Walls, he fell from a truck on which he was riding Friday night near Gallitzin Springs.

A good relieving treatment for sunburn, mosquito bites or poison ivy is to take a tepid bath in which cornstarch has been sprinkled and dissolved, and let water dry on skin to leave a thin film of soothing starch.

PERRY STOPPED BY ARMSTRONG IN SIX ROUNDS

By PAT O'BRIEN

Washington, May 23 (AP)—Henry Armstrong plans to stay with the ring business yet awhile.

Hammerin' Henry, only man in fight history to hold three championships at the same time, figures to be a prominent guy in the welter-weight picture for some time to come.

"I'm ready for the best in my class," Henry said today, "and I know there'll be no setups where I'm concerned. All the youngsters want a crack at me."

Armstrong stopped Aaron Perry Washington hopeful, in six rounds last night.

The former featherweight, lightweight and welterweight king, now touring his third comeback trial, admitted he's lost some of the speed that prompted sports writers to label him the "perpetual motion" boxing machine of a few years ago.

Floored Perry Five Times
"But I still can go against anyone in the same weight class," he insisted. Henry, now in his 30's, has been in more than 300 fights.

Armstrong, a Los Angeles negro who formerly fought under Al Johnson's banner, is due to meet Willie Joyce, one of the better welters, in Chicago next month. Then he's ticketed for a bout here against Sammy Angott, the former N.B.A. titleholder, July 17.

In last night's fight Armstrong had the 18-year-old Perry on the floor five times before the referee decided to halt the slaughter. The Associated Press scorecard gave Armstrong five of the six rounds. The bout was scheduled for 10.

BEARDED BAKSI TO FIGHT FRIDAY

New York, May 23 (AP)—The bearded bantam of Madame Bey's—that's what they're calling Joe Baksi, the ex-miner from Kulpmont, Pa., as he preps for Friday night's 12-round heavyweights scrap with Lee Savold in Madison Square Garden.

Joe, although only 22, has raised quite a crop of whiskers during the three-week grind of road and ring work. He plans to shave Wednesday, but he said today he would like to keep the Hirsute adornment. "I guess I can't keep it," Baksi said, "for the New York Boxing Commission has a rule that all fighters must be clean shaven when they enter the ring. I'm down to 207 pounds, five under the weight I had when I fought Savold a couple of months ago. I'll be down to around 202 when I shave off this beard."

Baksi is training at Madame Bey's famed fisticuff resort near Chatham, N. J., where such ring notables as Battling Siki, Max Schmeling, Gene Tunney, Primo Carnera, Mike McTigue, Mickey Walker, Paul Berlenbach, Tony Galento, Max Baer, Arturo Godoy, Tommy Farr, and Lou Ambers often put the finishing touches on their condition.

Madame Bey, widow of a former attache of the Turkish embassy, died a year ago, and since then the camp, situated in Jedsey's rolling hills, has been in the hands of Ehsan Karadag, a Persian.

Rochester Wings Swing To Loop Lead

(By The Associated Press)

The International league has its third different leader in as many days today as the Rochester Red Wings went back on top one game ahead of the Buffalo Bisons.

Buffalo fell out of first when Toronto eked out a 4-3 edge last night on an infield hit by Tony, Castano with two out in the last inning.

Dick Shoff opened the frame with a single and took second on an infield out. Castano's smash was to the right of Carl McNabb who failed to get his man at first on a hair-line decision. Shoff kept going to score from second, sliding under Frank Heller's peg to catcher Bob Garbark.

Rochester had some anxious moments at Montreal but finally pulled out with a 13-11 win on a 16-hit attack off Al Zachary, Roy Sanner and John Travis.

Newfoundlanders On Lancaster Co. Farms

Lancaster, Pa., May 23 (AP)—

Thirteen Newfoundlanders, supposed to be the vanguard of several hundred fishermen and farmers from the north came here to help out in the county's farm labor shortage, but—

"Who would have thought it ever got that hot?" gasped one, mopping his brow in the 85-degree heat.

The men, mostly in their middle 40's, are all expert farm hands but R. S. Hovis, assistant Lancaster county farm labor gent, said Sunday he has given up the idea of trying to bring in any more until

he sees how soon these can acclimate themselves to their trip to the "sub-tropics."

WALKER LEADS TEAM HITTERS

New York, May 23 (AP)—Dixie Walker continued to beat out a torrid time on the baseball scale to lead both major leagues with a 421 average today as his Brooklyn Dodgers dragged themselves home from a disastrous road trip.

While Walker upped his mark seven points, Thurman Tucker of the Chicago White Sox collected 13 hits in 29 at bats during the week for an American league top mark of .395.

Including games of May 22, Walker has been up 114 times and bashed out 48 hits for his 57-point margin over Stan Musial of the St. Louis Cardinals, his nearest challenger. Musial, the 1943 king, scored into second place at .364 with Boston's Tommy Holmes, who was not in the Big 10 a week ago, moving into third with .348 on as many hits as Walker.

After a stay on the bench, Joe Medwick of the Giants advanced from ninth to tie team mate Phil Weintraub for fifth money at .340.

Wassell Climbs

Newcomers in the National Big 10 are Jimmy Wassell of the Philadelphia Phillies and Melio Bettina, who has been up there earlier. Eric Tipton of Cincinnati, Danny Litwiler of St. Louis and Max Macon of Boston dropped out.

Tucker has a 39-point edge on

Revenge

By FRANKLIN F. BAKER

U. S. Fighter Base in England, May 23 (AP)—When Capt. Mike Sobanski of New York City led his Mustang Squadron beyond Berlin Sunday it was the day for which he had been waiting five years and he made the most of it.

German pilots had strafed and dive-bombed a train on which Sobanski was riding in Poland in 1939, breaking three of his ribs and starting him off on a long series of hardships before he got back to his native America.

Sunday Sobanski's squadron, which is in top place in the European theatre with 208 German kills, destroyed six planes, blew up an ammunition dump and nine locomotives, and damaged two warehouses, a factory, three military trucks, two tugboats, a barge and a radio station as the American fighters raced widely over Germany at will without meeting aerial opposition.

"It was what I've been dreaming of since the Germans did it to me," he said. Sobanski helped wreck five locomotives.

"They blew up, filling the air with steam after we squirted them with our 50's," he said. "Our primary purpose was to blow up locomotives, but we also set oil and general freight cars on fire. German soldiers scrambled out of one train and ran

Today's Talk

D-DAY PRAYER

Grateful Father of all—especially of the enslaved and defenseless. Watcher of events, be mindful, O God, of us, your children, now at the supreme moment when decisions shall count as never before in the fight for human freedom over all this earth of yours.

Give to each leader inspired hope and faith in the wisdom and justice of his course, and in his belief in final victory. Look down upon him and his loyal, courageous army. Give to each human being, O Heavenly Father, the zeal of a hero. Give to each citizen the courage to stand up for the principles of freedom and justice, and to place again shall reign among the hills and valleys and throughout every war-torn land.

Give to each one of us, God, with humility and resignation to every sacrifice. Make us selfless in our service. Comfort each mother and father, and each one whose beloved shall take his place in the battle line, with the knowledge that that loved one is a sacred gift to Freedom, out of which may "Thy kingdom come. Thy will be done on earth, as it is in heaven."

Sweep our hearts clean of all selfish ambitions of gain, save those which Freedom alone sanctifies. Unify our hearts with your will. Purify our purposes. May we not fail our blessed Father, at this midnight of our travail and one hour for survival in a free and happy world governed by the precepts of Christ, your Son.

Take care of the maimed and wounded. Kneel beside each one, and give to each the consciousness that he has fought the good fight, and that his bravery has not been in vain. And to the spirits of those who shall have expended themselves in this holy cause of Freedom, give them to eternal peace, where they shall be honored forever, glorified in the hearts of all who long as time goes on. Give to each far in your heavenly firmament the task to watch over the battle ground, sanctified by the brave and selfless last effort of each soldier. Do this—God, we pray.

And so, very soon, Heavenly Father, bring this tragic war to a close with all hate and "pomp of power" buried, and the hopes of mankind again warmed by the eternal light of love, and all nations united in the sacred cause of peace and good will toward all, from the humblest to the greatest. We pray this in the name of Christ. Amen.

The Electric Railway was interfered with for but one day.

DEMOCRATS IN TEXAS BATTLE ON 4TH TERM

By The Associated Press

After all the fanfare of an election campaign, Texas Democrats convened today with their choice of the state's delegates to cast 48 votes in the National convention apparently hinging on the outcome of a battle between administration and anti-fourth term factions.

At the same time, supporters of Gov. Thomas E. Dewey of New York and Gov. John W. Bricker of Ohio contested at a Republican convention for Texas' 33 GOP delegates. There were strong indications the delegates would be unimpaired, although Dewey supporters claimed they had the edge and Bricker backers hoped to split the delegation.

Hot Controversy

Bricker, on a speaking tour of the southwest, told a pre-convention rally in Houston last night that the CIO political action committee, which he described as "a powerful and dangerous group," was "far more active than the Democratic National committee in campaigning for a fourth term for the New Deal."

He was "reliably informed," Bricker added, that the CIO committee "is prepared to spend \$5,000,000 to perpetuate the present regime."

The controversy among the Lone Star Democrats waxed so hot that there was even talk of separate meetings of the disputants today. Opposing sides took to the radio in their pre-convention campaigns and county delegations brought with them a whole series of resolutions. These ranged from a proposal by Colorado county that the state take no part in the National convention to resolutions pledging the Texas delegates to support a fourth term.

Maryland Meeting

With party leaders seeking an un-instructed delegation, the result appeared to be in doubt. Neither of the state's senators, Tom Connally and W. Lee O'Daniel, was scheduled to take an active part in the meeting, but O'Daniel already has said publicly that he would "do everything I can do to defeat Roosevelt."

Democrats went to the polls in Florida to decide between former Congressman Millard Caldwell and Rep. Lex Green as their nominee for governor. Democratic nomination usually results in election in the state.

Maryland and Georgia Republicans also scheduled meetings during the day. In Maryland the state's 16 delegates will be unimpaired but Republican leaders there said they favored Dewey's candidacy. In Georgia, at least one district representative out of the 14 delegates already is pledged to Dewey.

WPB HAS JOB OF LOCATING NEW BREWSTER JOBS

Washington, May 23 (AP)—The War Production Board's ability to cope with an eventual flood of war plant shutdowns came up against a test today in the case of the Brewster Aeronautical corporation, shorn of its job of making fighter planes.

While four government agencies sought war-useful work for Brewster's big plants at Johnsville, Pa., and Long Island City, N. Y., whose output checked off July 1, WPB officials expressed strong doubt that either would be permitted to turn to any form of civilian manufacture.

"No Dissatisfaction"

WPB said the Army, Navy and War Manpower Commission had been asked to report on the possibility of new contracts for Brewster, and that a solution may appear within two or three days.

This gave rise to hope that new work could be started in time to prevent any prolonged idleness for either the workers or the production facilities.

The Navy cancelled its contract with Brewster as part of an announced reduction in fighter plane output, noting that there was "no dissatisfaction" with the management of Henry J. Kaiser, Pacific coast shipbuilder who took over the troubled company last year at government request, or with the new management which succeeded Kaiser.

Kaiser took over direction of Brewster after a long investigation by the House Naval Committee into charges of production failures linked to management and labor troubles.

Lewistown, Pa., May 23 (AP)—Elimination of a state relief requirement under which persons owning property must sign bonds to assure payment of old age assistance grants is urged by the Pennsylvania conference of Townsend clubs. Just Folks

LIFE'S STUFF

To make the most of these:
Birth and marriage, joy and pain,
Spring and winter, gale and breeze,
Summer flowers and autumn rain,
Sense and folly, good and bad,
Here's life's purpose, girl and lad.Nothing cruel wars will change,
Will make otherwise the span
Under which you must arrangeAll you work for, hope and plan,
Gains and losses, smiles and tears
Are the stuff which fills the years.So, be happy as you seek,
For these it must be made:
Patient toiling, week by week,
Delirious and fully paid,
Tears from childhood down to age
Prove the foolish and the sage.If with life you would succeed,
These the ingredients to blend:
Love and laughter, song and creed,
Neighbor, family and friend;
Moments merry, moments sad,
These are all the Master had.

Today's Talk

D-DAY PRAYER

O Heavenly Father of all—especially
of the enslaved and defenseless—
whether of events, be mindful, O
God of us, your children, now at
the supreme moment when deci-
sions shall count as never before in
the fight for human freedom over
all this earth of yours.Give to each leader inspired hope
and faith in the wisdom and jus-
tice of his course, and in his belief
in final victory. Look down upon
him and his loyal, courageous ar-
mies. Give to each human being,
O Heavenly Father, the zeal of a
holocauster. Day and night stand
by—until total Freedom is achieved,
and peace again shall reign among
the hills and valleys and through-
out every war-torn land.Bless each one of us, God, with
humility and resignation to every
essential sacrifice. Make us selfless
at the tragic hour. Comfort each
brother and father, and each one
whose beloved shall take his place
in the battle line, with the knowl-
edge that that loved one is a sacred
gift to Freedom, out of which may
"Thy kingdom come. Thy will be
done on earth, as it is in heaven."
Sweep our hearts clean of all
selfish ambitions of gain, save those
which Freedom alone sanctifies.
Unify our hearts with your will.
Purify our purposes. May we not
fail you, blessed Father, at this
midnight of our travail and one
hope for survival in a free and
happy world governed by the pre-
cepts of Christ, your Son.Take care of the maimed and
wounded. Kneel beside each one,
and give to each the consciousness
that he has fought the good fight,
and that his bravery has not been
in vain. And to the spirits of those
who shall have expended their
lives in this holy cause of Free-
dom, give them to eternal peace,
where they shall be honored for-
ever, glorified in the hearts of all
as long as time goes on. Give to
each star in your heavenly firmament
the task to watch over the
holy ground, sanctified by the brave
and selfless last effort of each sol-
dier-loyal. Do this—God, we pray.
And as soon, Heavenly
Father, bring this tragic war to a
close, with all hate and "pomp of
power" buried, and the hopes of
mankind again warmed by the eter-
nal light of love, and all nations
united in the sacred cause of peace
and good will toward all, from the
humblest to the greatest. We pray
this in the name of Christ. Amen.Tomorrow Mr. Adams will talk on
the subject: "The Beauty of Bird
Flight."Crushed shredded bran with a rolling

the new Trinity M.E. church, Alle-
gheny. It was that of Miss Agnes
White Clancy, daughter of Mr. and
Mrs. John H. Clancy, and Mr. Sam-
uel S. Neely, of Gettysburg. Rev.
F. C. Kline performed the marriage
ceremony. The attendants were six
ushers, Messrs. W. B. and C. D.
Clancy, Mr. H. C. Webster, Mr. Nor-
man C. McPherson, Mr. Frank Her-
sh and Mr. Williston Clancy. The best
man was Mr. William S. Van Cleave,
of Gettysburg. Miss Annie Sutton,
of Indiana, Pa., was the bride's only
attendant. The bride gown was a
handsome one of white satin and
duchess lace, with a long veil grace-
fully draped over the bride's dark
hair, and falling to the satin train.
Her bouquet was white lilies.After the marriage a reception
was tendered at the home of the
bride's parents in Allegheny. Owing
to the illness of Mr. Neely's father,
none of his family was able to at-
tend. Mr. and Mrs. Neely departed
immediately for Gettysburg, where
they will go to housekeeping.Probably no bride of the year has
been so fortunate in the way of gifts
as Miss Clancy. Two rooms were
filled with presents which made a

valuables, as well as two costly sets

the reservoir fell last week to the
danger point, and the Water com-
pany was obliged to retrench con-
sumption. In order that the domes-
tic use of the citizens should not be
interfered with, it was necessary to
withdraw the supply from the Elec-
tric company which had not yet
succeeded in securing from its well
a sufficiency of water, but was able
to do so by running a pipe up to
the Western Maryland tank. The
Electric Railway was interfered with
for one day.The trench for pipes from Marsh
creek, is completed through the Mc-
Pherson (late Socks) farm, and
about half finished through the
Martin (late Pitzer) farm. By the
end of the week, it is probable that
this part of the work will be nearly
half finished. Sixty-odd hands are
on it. The powerhouse at the creek
will be under foot in a few days.
The machinery has been ordered.The Rain Fall: During the period
from Thursday, the 17th to Monday,
the 21st, the total amount of rain
fall recorded in Gettysburg amounted
to 4.14 inches. The observations,
reported daily at 8 a. m., are made
by Mr. Calvin Hamilton for the
Weather Bureau at Washington.
The local streams were very much
swollen; cornfields were badly
washed in many places, but no
bridges have been reported as swept
away.Personal Mention: Prof. J. Louis

TEXAS BATTLE
ON 4TH TERM

By The Associated Press

After all the fanfare of an elec-
tion campaign, Texas Democrats
convened today with their choice
of the state's delegates to cast 48
votes in the National convention
apparently hinging on the outcome
of a battle between administration
and anti-fourth term factions.At the same time, supporters of
Gov. Thomas E. Dewey of New
York and Gov. John W. Bricker of
Ohio contested at a Republican con-
vention for Texas' 33 GOP dele-
gates. There were strong indica-
tions the delegates would be unin-
structed, although Dewey supporters
claimed they had the edge and
Bricker backers hoped to split the
delegation.

Hot Controversy

Bricker, on a speaking tour of the
southwest, told a pre-convention
rally in Houston last night that the
CIO political action committee,
which he described as "a powerful
and dangerous group," was "far
more active than the Democratic
National committee in campaigning
for a fourth term for the New Deal."He was "reliably informed,"
Bricker added, that the CIO com-
mittee "is prepared to spend \$5,000-
000 to perpetuate the present re-
gime."The controversy among the Lone
Star Democrats waxed so hot that
there was even talk of separate
meetings of the disputants today.
Opposing sides took to the radio in
their pre-convention campaigns and
county delegations brought with
them a whole series of resolutions.
These ranged from a proposal by
Colorado county that the state take
no part in the National convention
to resolutions pledging the Texas
delegates to support a fourth term.

Maryland Meeting

With party leaders seeking an un-
instructed delegation, the result ap-
peared to be in doubt. Neither of
the state's senators, Tom Connally
and W. Lee O'Daniel, was sched-
uled to take an active part in the
meeting, but O'Daniel already has
said publicly that he would "do
everything I can do to defeat
Roosevelt."Democrats went to the polls in
Florida to decide between former
Congressman Millard Caldwell and
Rep. Lex Green as their nominee
for governor. Democratic nomi-
nation usually results in election in
the state.Maryland and Georgia Republi-
cans also scheduled meetings during
the day. In Maryland the state's
16 delegates will be uninstructed
but Republican leaders there said
they favored Dewey's candidacy. In
Georgia, at least one district rep-
resentative out of the 14 delegates
already is pledged to Dewey.

Berlin radio broadcast an article by Col. Rutter von Schramm in the Berlin Borsen Zeitung conceding the Allies would excel in power and weight of equipment in the opening phases of the assault but said "fast armored forces are standing by for counter-attacks against any threatened points and to isolate penetrations. The Allies hardly will be able to out-tank us immediately after the landing."

U. S. Army field commanders were in possession of a 24-page booklet from headquarters urging their full cooperation with war correspondents in sending an accurate report of the fighting speedily back home to counteract Nazi propaganda.

The booklet stressed that war correspondents were sharing the dangers of the war along with the troops to get news of their activities to the folks at home.

Need For School Nurses

Assistant County Superintendent of Schools Robert A. Bream, reporting on the activities of the two nurses in county schools told the board "there is great need for medical and dental care such as can be given by having regular school nurses." The present system of health inspectors for the schools provides services in the form of pre-school clinics, Dr. Bream said, but does not reach into the individual homes, nor give the constant care that could be provided by having school nurses.

Similar Reports

Mrs. Ruth S. Crawford, nurse for Biglerville, Ardenstville, York Springs and Fairfield reported 1,000 students under her supervision. She made 348 home visits, 378 cases were treated in the school, 300 were advised to have medical care at the eyes of 740 students were screened for defects, and 142 vision defects were discovered of which 94 were treated during the year. The students were weighed several times with Mrs. Crawford taking 3,600 weights. The hair and scalp of 1,030 students were checked.

The most prevalent defects dis-

covered by Mrs. Crawford were dental and underweight with 118 of the students having been found to be 10 per cent or more underweight.

Both Mrs. Crawford and Mrs. Wilda W. McBeth, school nurse in Hamiltonban, Liberty and Menallen townships and Abbottstown, found practically the same types of dental defects and underweight youngsters. Both took a number of the students to clinics for treatment.

Working in a primary school section with 606 students under her care, Mrs. McBeth made 257 home visits, weighed 241 of the students several times, made 1,677 hair and scalp checkups and found a large number of children with hair or scalp difficulties. She found 62 students with vision defects of which 14 have been corrected. Mrs. Crawford found 205 children with dental troubles and Mrs. McBeth 241. About ten per cent of those with dental faults have had the troubles corrected.

Retarded Pupils

Following a discussion on text books in which it was revealed that those boards which want books delivered by next fall must order them immediately due to war-time short-

ages, the board recommended that the local boards appoint committees from themselves and the teaching staffs in their schools to meet at the county superintendent's office to select books for the coming year.

The results of a biannual survey of the eighth grade situation shows there is a problem in the county in regard to retarded and overage students. Doctor Bream told the board. Out of 4,000 students in the county schools 870 are retarded or overage for the grade in which they are in, he said. Ten per cent, he asserted, is an average for the number of overage students in the public schools while the county has 20 per cent retarded students. In the high schools with 1,125 students, 102 are retarded and are too old for their classes.

Ten of the county's school buses are ten years old or older and are operating on special waivers, it was reported, and four buses under ten years of age are also operating on waivers. Doctor Bream was appointed to determine what can be done to secure better buses to replace the overage vehicles.

All members of the board attended the session with President Raymond M. Baugher presiding.

AERIAL MIGHT KEEPS SLASHING REICH TARGETS

By AUSTIN REALMEAR
London, May 23 (AP)—An aerial armada of up to 750 U. S. Flying Fortresses and Liberators escorted by more than 1,000 fighters smashed at airfields and rail yards in France and undisclosed objectives in western Germany today.

This daylight blow—continuing into the fifth straight day the renewed Allied aerial offensive—cracking Hitler's western defenses—came after more than 1,000 British night bombers had rained an estimated 3,360 short tons of explosives on Dortmund and Brunswick in Germany and four other continental objectives.

Thirty-five RAF planes were missing from last night's operations, and at least two enemy fighters were destroyed, the Air Ministry said.

Day Force Active
The first crack of dawn brought out the day attackers. While the American heavy bombers were unloading their deadly cargoes on a wide assortment of installations figuring importantly in the Germans' plans to combat the impending invasion, many of the Mustangs, Lightnings and Thunderbolts in the unusually strong fighter escort probably swooped low to shoot up other objectives.

Still other fighters—RAF Mustangs—carried out supporting sweeps ranging over miles of enemy-held territory to strafe targets of opportunity in a continuation of the new phase of the western air war carried out by low-flying American and British fighter planes.

Counted together, the night and day assaults saw approximately 3,000 Allied planes roar out from British bases and hurl an estimated 5,000 short tons of bombs on continental targets.

These latest attacks brought to around 22,000 tons the total weight of explosives dumped by Allied aircraft flying from Britain and Italy during the last five days.

Furious Battles
The German radio reported furious battles between the German air force and American raiders attacking targets in France today but made no mention immediately of sky fights over Germany itself. The RAF's massive night bombing fleet ran into stiff opposition from the Nazis over both Dortmund and Brunswick.

The first fortress crews back from Germany said flak was light. Finding the target overcast and no fighters to molest them on the first bombing run, they held their bombs, waited for the clouds to open and then bombed their targets visually.

Among the fortresses striking in France, only one group saw German fighters, and escorting Mustangs drove these away.

NAZIS PREPARE GERMANS FOR DARK TIDINGS

By DEWITT MACKENZIE
(Associated Press War Analyst)

The battle of Italy swelled in fury today as the Germans continued to fling reinforcements into sectors threatened by the Allied onslaught, thus giving further indication of the importance which Hitler attaches to the holding of this front.

The German DNB news agency says the fighting is comparable with the bloody conflicts "on the Somme, at Verdun and in Flanders during the last war." And Brendan Bracken, Britain's colorful minister of information, declares that the struggle "is beyond description" and that "the Germans are receiving one of the greatest thrashings in their history from the forces under General Sir Harold Alexander."

Berlin itself tacitly admits the dangers of Field Marshal General Kesselring's position, as the propagandists are diligently preparing the public for a further retreat which may carry the Nazi forces clear back into northern Italy—if they are able to reach there. In this connection we should bear in mind that the Allied command has announced its determination to destroy the German Army, and will make this a fight to a finish if possible.

"Relentless" Battle
The battle of Italy is truly a fitting curtain raiser for impending D-day and the Russian offensives from the east. It is providing a great demonstration of Allied morale and military might.

This morning's Allied communique summed the situation up succinctly with the statement that "the battle in Italy continues relentlessly." Our own Fifth Army troops were thrusting forward on the coast and have captured still further important hill positions.

One of Marshal Kesselring's worries is the big Allied force in the Anzio beachhead, behind his hard pressed battle lines, which adds to the precariousness of his position.

The German controlled Vichy radio calls attention to another highly interesting point. It says German reconnaissance has revealed large concentrations of troops on Corsica, and that it's possible these

Supreme Court To Assist Newsmen

Harrisburg, May 23 (AP)—Through a new public relations policy, the Pennsylvania Supreme Court will provide news men with a synopsis of decisions when they are delivered to assist the press in coverage of its proceedings.

Announced by Chief Justice George W. Maxey, the plan is designed to give the public a more complete picture of its findings and a speedier report of them. The court, heretofore, has provided the press with a skeletonized list of its actions making scanning of formal opinions necessary to obtain additional information.

The policy was adopted yesterday after Floyd Chalfant, State Commerce Secretary and publisher of the Waynesboro Record Herald, appeared before the court to urge the plan in cooperation with the Associated Press of which he was formerly Pennsylvania president.

portend an attack on the Italian coast opposite the island. Such an Allied operation would, of course, throw a force behind Kesselring in addition to the strong contingent at Anzio.

See Moral Effect
Just in passing, it may be observed that while troops on Corsica might be intended for an assault on Italy, they also might be there if the French were getting set for an invasion of the Rhone valley in France. The Germans are expecting such a French expedition from Algiers. Well, that gives the Hitlerites two choices to gamble on as regards Corsica.

Hitler's anxiety to hold Italy so long as possible is spurred by the steady weakening of his control over the Balkans, coupled with increasing resistance from the Yugoslavs under Marshal Tito. Bulgaria has a stubborn under lip stuck out at the Fuehrer, and Romania is showing signs of being thoroughly fed up.

The moral effect of the loss of Italy by the Germans might in itself result in the Balkan satellites deserting Hitler. That would allow the Russians to pour down into the Danubian basin which affords a gateway into Germany from the southeast.

To Seek Oil In Jersey Flatlands

Woodbine, N. J., May 23 (AP)—There may be black gold beneath the red sands of southern New Jersey's flatlands, believe two major oil companies.

Dr. Joseph Levenson, mayor of Woodbine, said the Sun Oil company and the Sinclair Refining company had both leased large sections of land near here under five-year contracts. He said the companies planned to test the land for possible oil production. Sun Oil officials in Philadelphia said no drilling had yet been done.

Flying Service Asks Permit As Carrier

Harrisburg, May 23 (AP)—B K S Flying Service Erie County Airport, applied today to the Public Utility commission for authority to operate aircraft as a common carrier for transportation of passengers and property between points in Pennsylvania.

The business is owned by John J. Kozak, and Steve Stasenko, Erie. The application stated the service proposed is necessary to establish feeder lines to terminals of established airlines and proposed to begin immediately upon approval by the commission.

SUPREME COURT CALLS ELECTION FRAUD U.S. CRIME

By JAMES MARLOW
and GEORGE ZIELKE

Washington, May 23 (AP)—There's an old saying in Louisiana, when an election official is suspected of stuffing a ballot box, that he "voted chickens and tombstones."

This is a way of saying that, to offset legitimate votes cast against his candidate by real people, he filled the ballot box with the names of imaginary people, dead people or people no longer in that voting precinct.

The supreme court now has raised a club over that kind of fraud by saying it violates federal law but only of course, when it occurs in a congressional election.

Now A Federal Crime
The maximum penalty, if convicted, is a fine of \$5,000 and 10 years in jail.

This is the first time the supreme court has ruled that stuffing ballot boxes is a federal crime. In the past it has given opinions on other phases of election cheating.

Here are some points which any election officials, inclined to larceny, might remember about the decision handed down yesterday.

Was A State Affair
Probably every state has criminal penalties against stuffing ballot boxes. Until now the states considered this offense strictly a state affair outside government jurisdiction and it still is when only state elections are involved.

But heretofore, for such fraud in congressional elections, offenders can be tried not only in state courts but also in federal courts.

Yesterday's opinion involved an alleged "conspiracy" by some Kentucky officials to stuff ballot boxes. So the ruling applied only to conspiracies.

Bribing Not An Offense
This would seem to mean that if a single official was accused of stuffing a ballot box, he could not be tried under federal law. Interpreting a single man's action as a conspiracy would be difficult.

But the attorney general's office says there is another section of the law under which an individual election official could be prosecuted in federal court for stuffing a ballot box even though the supreme court has not ruled specifically on an individual's action.

The court restated that it is not a federal crime to bribe a voter to cast his ballot for a candidate. So, although this might seem just as crooked as stuffing a ballot box, it is not a federal offense.

First Moths Of Corn Borer Appear

Harrisburg, May 23 (AP)— First appearance in Pennsylvania this year of moths of the European corn borer was reported Monday by the state department of agriculture which predicted heavy damage by the dread foe of sweet corn and other food crops.

Agents of the department's bureau of plant industry said approximately eight per cent of corn borer in the pupal stage have emerged as moths in Montgomery county.

The observations, declared Bureau Chief Dr. Thomas L. Guyton, indicate large quantities of adult two-generation corn borer moths can be expected in Montgomery and other southeastern counties this week. Their appearance in higher and cooler areas is expected one to two weeks later.

"We are looking for heavy damage by borers this year," declared Dr. Guyton, estimating a loss of \$1,000,000 to sweet corn alone in Pennsylvania last year when the pest was twice as extensive as in 1942.

"I WAS CONSTIPATED FOR MANY YEARS!"

Now I'm 'Regular' Every Morning!

Constipated? Then here's an unsolicited letter you'll want to read: "I'd been troubled with common constipation for many years. Was taking laxatives and pills all the time, and feeling very weak and run down. 3 months ago, I began eating KELLOGG'S ALL-BRAN daily. Now, I have a regular, natural movement every morning. Which helps me feel my best!" Mr. Samuel D. Blank, 292 Kings Highway, Brooklyn, New York.

What is this seeming magic of KELLOGG'S ALL-BRAN? Scientists say it's because KELLOGG'S ALL-BRAN can really "get at" a common cause of constipation — namely, lack of sufficient "cellulose" elements in the diet. KELLOGG'S ALL-BRAN is one of Nature's most effective sources of these elements, which help the friendly colonic flora fluff up and prepare the colonic wastes for easy, natural elimination. KELLOGG'S ALL-BRAN is not a purgative! Doesn't work by "sweeping out." It's a gentle-acting, "regulating" food!

If you have constipation of this type, eat KELLOGG'S ALL-BRAN or several ALL-BRAN muffins regularly. Drink plenty of water. See if you don't find lasting relief! Insist on genuine ALL-BRAN, made only by Kellogg's in Battle Creek.

SERVICEMEN

(Continued From Page 1)

cials are expected here soon for campaign conferences. The county quota has not yet been announced. Mrs. Grist reported on the state USO meeting she attended last week in Harrisburg.

Treasurer Reports
The audited report of the treasurer, Mrs. Ellen Tipton Buehler, showed that the county USO organization has on hand \$1,022 with which to conduct activities for the benefit of the servicemen.

The chief receipt items in the report were \$1,000 as the local share of the War Fund campaign of last fall and \$137 in individual contributions.

Disbursements totaled \$1,132 and included expenses for the dances, rental and operation of the USO canteen, refreshments and minor miscellaneous expenses. The report covered the last 12 months.

Changing earlier action that limited the number of directors to 12, the board voted to expand the membership to not more than 20.

Name Directors
Directors to serve for the coming year include: Dean Tilberg, Mrs. Robert Fortenbaugh, Mrs. Edmund W. Thomas, Alvin M. Jones, New Oxford; Mrs. Frederic Tilberg, Mrs. Grist, Mrs. Tra Henderson, Fairfield; Mrs. H. S. Stuchell, York Springs; Mrs. Grover Myers, Gardners; Mrs. Buehler, Mrs. J. Walter Coleman and Hugh C. McElhinny.

It is expected that additional directors will be named from Biglerville, Littlestown and possibly other communities in the county.

The board set June 19 as the date for the next meeting when the directors will elect officers.

GIVEN APPOINTMENT
Pittsburgh, May 23 (AP)—Dr. Edward H. Weidlein, director of Mellon Institute of Industrial Research, announced the appointment of Dr. George H. Young as executive assistant of the institute.

Dr. Young, native of Meyersdale, Pa., won prominence for his work on corrosion preventatives and chemically resistant coatings, and has been a civilian consultant at the Rock Island and Frankford arsenals.

Better For Large Families
No change would be made in amounts withheld from pay envelopes this year, but the government itself would compute the taxes on 1944 income for those with wages and salaries of \$5,000 and less.

The measure would add some 150,000 new taxpayers earning between \$555 and \$624, while shifting to the status of income taxpayers approximately 9,000,000 persons now subject to the Victory tax but with incomes not large enough to come under present income levies.

Generally, in the reshuffling to attain a two-tax system to supplant the present three-way—Victory, normal and surtax—take from taxpayers' pockets, the legislation eases the burden for persons with large families, while increasing somewhat the load for childless married couples.

This results from a flat \$500 personal exemption for each taxpayer and dependent to replace the present scale of \$1,200 for a married couple plus \$350 for each dependent.

Same Service Exemption
It does not disturb the present \$1,500 exemption allowed men and women in the armed services above their regular family status credits.

To provide "freedom from computation" relief at the close of this year, pending January effective date of the new withholding system, all those with wages and salaries up to \$5,000 and receiving no more than \$100 from sources not subject to withholding will be permitted simply to file a withholding receipt in place of a regular return.

These taxpayers will list their dependents on the reverse side of this receipt, to be furnished by their employers, and enter the amounts of "other income," if any. They then will mail the receipt to their local tax collector, who in turn will compute the tax and send a bill.

GETS YEAR IN JAIL
Pittsburgh, May 23 (AP)—Federal Judge P. P. Schoonmaker sentenced Bernard I. Vid, a sailor of Dorothy, Pa., to a year in jail after Vid pleaded guilty yesterday to hindering and interfering with administration of the Selective Service act. The charge arose when Vid was alleged to have struck Miss Grace Keltz, chief clerk of Local Board 2, Latrobe, Pa., when he returned home on leave after his "boot training."

LADY IN A WHIRL

By Esther Valck Georgins

Chapter 22
Cora became rattled and sprinkled so much pepper on her mashed potatoes that when she finally took a mouthful she sneezed.

Just then Zella appeared. "What's all the rumpus?" she wanted to know.

"I'm catching cold, that's what," Cora stuttered between sneezes. "I'm having chills and everything."

The count jumped up and pulled out Zella's chair, kissed her hand. "How do you feel, my dear?"

Cora shuddered. "I'm all right now," Zella told him. "I hope Cora isn't going to be sick though."

"She probably picked up your cold," Pete said.

"More likely she got it wandering around in the woods," retorted Zella. "I rang for Eglantine to get me some water," she told Cora, "and she said you were out roaming around the mountain."

Cora felt the count's eyes snap to her, looking up, she was startled at the malevolence in his expression.

"But you aren't eating!" Zella exclaimed, before Cora had a chance to answer. "You really must be sick."

"I'll be all right," Cora assured her meekly.

Immediately after lunch she cornered Pete. "Look here," she said. "I have to go into Antenville. Will you stick around while I'm gone and keep those two in sight? I'll get back as soon as I can."

"See here, Cora, what are you up to? Why don't you let things alone? Zella's old enough to know what she wants. I'm going to work this afternoon." Pete banged his pipe savagely against the porch railing.

"Please, do what I want," Cora begged. "I have to go and I don't want her here alone with that gangster. He's apt to talk her into running off and getting married."

"You're getting batty on the subject of the count," Pete told her. "Well, all right—if it'll make you happy I'll trail them around like a shadow. If Teddy isn't a crook you'll make him one. You'll drive him to crime."

"I don't care where I drive him—as long as it isn't in Zella's direction," Cora said, and she flounced off.

A few minutes later she came roaring out of the garage in Zella's car. Zella heard it and ran down the steps to the drive.

"Hey, where you going?" she called.

"To Antenville," Cora screamed back, without stopping.

"Let's all go. Hey, Pete—Teddy—Zella called. But Cora pretended not to hear, and the car bounced away and disappeared down the mountain.

Pete appeared in answer to her call. "What's up?"

"That Cora! Zella said with exasperation. "Honestly, she makes me furious sometimes. Now she's gone off alone—sulking, that's all it is—and simply because she doesn't like Teddy."

"Well, angel," Pete started hesitantly as he re-lit his pipe, "now that you've brought the subject up—I—that is—you won't be too hasty

with this Teddy business, will you? After all we don't know much about the guy. Sometimes it's—"

"Pete!" Zella seemed amused. "For heavens sake, you too. I didn't think you had a suspicious mind. Don't let Cora fill you with silly notions. I know all about Teddy. He's told me everything."

She wrinkled her nose at Pete. "After all every one isn't as slow as you, you know."

"What do you mean?" Pete asked quickly.

"Well, Cora told me you were in love with someone. What's the matter? Won't she have you?"

"I've never asked her," Pete said quietly.

"Why, you old slow poke, you! Who is she? Do I know her?"

Pete puffed away in silence.

"Pete," Zella coaxed. She put her arm around him. "We never used to have secrets from each other."

Pete tipped her head back and kissed her on the nose. "What you don't know won't bother you," he said.

Zella was annoyed. "Very well," she said, and jerked away.

Eglantine appeared and called Pete to the telephone. When Pete got inside she sidled up to him and whispered, "That count was watching you and Miss Zella from behind the curtains!"

"Curiosity killed the cat, Eglantine," Pete smiled as he lifted the receiver.

"Too bad it didn't work that way on the likes of him," mumbled Eglantine as she went back to the kitchen.

The next morning Pete went up the mountain. He had been gone quite a while before Cora missed him.

"I hope," she told herself, "that he didn't go to look at that mysteriously-occupied cave all alone."

That was exactly what he had done, however. He appeared again just before lunch. Cora had been watching for him and when she saw him coming she went to meet him.

He shook his head at her childishly. "There isn't a thing up there," he said. "Not even a burnt match."

"But, Pete, there was someone there yesterday."

"So what? Some young fellow camping, just as I told you. You stop hatching up things in your mind."

"Well, why did he act so furtive? Why didn't he say something?"

"For that matter, why didn't you say something? You probably startled him as much as he startled you."

Cora was silenced, but unconvinced.

THE INVASION AND LIBERATION OF NORTH AFRICA

Ensign R. Black, Helicat pilot from Brigham, Utah, is getting out of what is left of his plane after what the Navy describes as one of the most remarkable carrier landings of the war. Shot up over Palau in the Caroline Islands, Black was coming in with his hydraulic system gone, flaps useless, a large hole in the right wing and his ailerons smashed when he slipped sideways and sheered off his tail and one wing on a gun turret. He still landed right side up and emerged with only a few scratches. Note deck crewmen coming up with firehose. (AP Wirephoto from U. S. Navy.)

Cites Agricultural Post-War Problems

Harrisburg, May 23 (AP)—Secretary of Agriculture Claude R. Wickard believes a way must be found to absorb surplus agricultural production developed due to the war or the nation will face disturbing economic effects in the post-war period.

Wickard expressed the belief here yesterday to reporters before returning to Washington after receiving the honorary degree of doctor of laws earlier in the day at Lebanon Valley college in nearby Annville.

Asserting "conservation methods and hard work of the country's farmers" have increased farm production by one-third since America entered the war, Wickard said a market must be found for this surplus after peace comes.

He reiterated the nation has a plentiful food supply now but warned Pennsylvania farmers a prevailing shortage of livestock feed is likely to continue until the end of the war.

MONSOON RAINS SLOW ALLIES IN BURMA ATTACK

By J. B. KRUEGER
Associated Press War Editor

Monsoon rains forced a slow-down in the Allied drive to seize the key Burma city of Myitkyna today and another big operation in the Pacific war—the presumed attack on Japanese-held Marcus island—lay hidden in radio silence.

Lt. Gen. Joseph W. Stilwell's Chinese and Americans fought on through the heavy rains to wipe out the enemy still holding a third of Myitkyna in northern Burma. A glimpse of the difficulties involved was given in a Stilwell headquarters announcement:

"The slow work of eliminating savagely resisting pockets of Japanese, who evidently are prepared to die in their dugouts and behind log entrenchments, continues."

To Continue Drive

Continuation of fighting, however, suggested that General Stilwell planned to keep right on going in his drive to link the Burma and Ledo roads into China, despite the monsoon.

Pacific fleet headquarters at Pearl Harbor remained as silent as the grave in the face of a Japanese announcement an Allied task force had aerially attacked Marcus island, 1,190 miles from Tokyo, throughout Saturday and Sunday. Tokyo said carrier planes struck at Marcus seven times.

In India British forces have finally ended Japanese attempts to break communications lines in the Brahmaputra valley and along the Assam-Bengal railway, southeast Asia headquarters said.

Around Kohima in eastern India the British were mopping up, and the tone of a headquarters announcement was confident: "Progress has been made in all sectors of the Assam front."

Another southeast Asia report said 213 Japanese planes were destroyed against a loss of three Allied fighters in the last 10 weeks of the Burma campaign.

Use Wakde Airstrip

In the southwest Pacific Wakde's airstrip—seized only a few days ago—started receiving planes bearing troops called to reinforce Americans on the flanking New Guinea mainland. The Japanese were bitterly resisting this latest Allied leap up the island's northwest coast.

For the 15th time this month Allied planes Friday bombed Ponape in the Carolines. Adm. Chester W. Nimitz' headquarters said.

Chungking acknowledged the fall of Lushih in the north Honan battle and said the Japanese were driving toward Tungkan.

... And He Walked Away

Ensign R. Black, Helicat pilot from Brigham, Utah, is getting out of what is left of his plane after what the Navy describes as one of the most remarkable carrier landings of the war. Shot up over Palau in the Caroline Islands, Black was coming in with his hydraulic system gone, flaps useless, a large hole in the right wing and his ailerons smashed when he slipped sideways and sheered off his tail and one wing on a gun turret. He still landed right side up and emerged with only a few scratches. Note deck crewmen coming up with firehose. (AP Wirephoto from U. S. Navy.)

Cites Agricultural Post-War Problems

Harrisburg, May 23 (AP)—Secretary of Agriculture Claude R. Wickard believes a way must be found to absorb surplus agricultural production developed due to the war or the nation will face disturbing economic effects in the post-war period.

Wickard expressed the belief here yesterday to reporters before returning to Washington after receiving the honorary degree of doctor of laws earlier in the day at Lebanon Valley college in nearby Annville.

Asserting "conservation methods and hard work of the country's farmers" have increased farm production by one-third since America entered the war, Wickard said a market must be found for this surplus after peace comes.

He reiterated the nation has a plentiful food supply now but warned Pennsylvania farmers a prevailing shortage of livestock feed is likely to continue until the end of the war.

MONSOON RAINS SLOW ALLIES IN BURMA ATTACK

By J. B. KRUEGER
Associated Press War Editor

Monsoon rains forced a slow-down in the Allied drive to seize the key Burma city of Myitkyina today and another big operation in the Pacific war—the presumed attack on Japanese-held Marcus island—lay hidden in radio silence.

Lt. Gen. Joseph W. Stilwell's Chinese and Americans fought on through the heavy rains to wipe out the enemy still holding a third of Myitkyina in northern Burma. A glimpse of the difficulties involved was given in a Stilwell headquarters announcement:

"The slow work of eliminating savagely resisting pockets of Japanese, who evidently are prepared to die in their dugouts and behind log entrenchments, continues."

To Continue Drive

Continuation of fighting, however, suggested that General Stilwell planned to keep right on going in his drive to link the Burma and Ledo roads into China, despite the monsoon.

Pacific fleet headquarters at Pearl Harbor remained as silent as the grave in the face of a Japanese announcement an Allied task force had aerially attacked Marcus island, 1,190 miles from Tokyo, throughout Saturday and Sunday. Tokyo said carrier planes struck at Marcus seven times.

In India British forces have finally ended Japanese attempts to break communications lines in the Brahmaputra valley and along the Assam-Bengal railway, southeast Asia headquarters said.

Around Kohima in eastern India the British were mopping up, and the tone of a headquarters announcement was confident: "Progress has been made in all sectors of the Assam front. * * * Another southeast Asia report said 213 Japanese planes were destroyed against a loss of three Allied fighters in the last 10 weeks of the Burma campaign."

Use Wakde Airstrip

In the southwest Pacific Wakde's airstrip—seized only a few days ago—started receiving planes bearing troops called to reinforce Americans on the flanking New Guinea mainland. The Japanese were bitterly resisting this latest Allied leap up the island's northwest coast.

For the 15th time this month Allied planes Friday bombed Ponape in the Carolines. Adm. Chester W. Nimitz' headquarters said.

Chungking acknowledged the fall of Lushih in the north Honan battle and said the Japanese were driving toward Tungkuang.
